SECTION III – NOTICE OF RIGHTS AND RESPONSIBILITIES

Part A: FMLA Leave Entitlement

You have a right under the FMLA to take unpaid, job-protected FMLA leave in a 12-month period for certain family and medical reasons, including up to **12 weeks** of unpaid leave in a 12-month period for the birth of a child or placement of a child for adoption or foster care, for leave related to your own or a family member's serious health condition, or for certain qualifying exigencies related to the deployment of a military member to covered active duty. You also have a right

Employee Name: Ryan Wagner

under the FMLA to take up to **26 weeks** of unpaid, job-protected FMLA leave in a single 12-month period to care for a covered servicemember with a serious injury or illness (*Military Caregiver Leave*).

The 12-month period for FMLA leave is calculated as: *(Select as appropriate)*

- ☐ The calendar year (January 1st - December 31st)
- ☐ A fixed leave year based on _____
  (e.g., a fiscal year beginning on July 1 and ending on June 30)
- ■ The 12-month period measured forward from the date of your first FMLA leave usage.
- ☐ A "rolling" 12-month period measured backward from the date of any FMLA leave usage. *(Each time an employee takes FMLA leave, the remaining leave is the balance of the 12 weeks not used during the 12 months immediately before the FMLA leave is to start.)*

If applicable, the single 12-month period for *Military Caregiver Leave* started on _____ *(mm/dd/yyyy)*.

You (■ are / ☐ are not) considered a key employee as defined under the FMLA. Your FMLA leave cannot be denied for this reason; however, we may not restore you to employment following FMLA leave if such restoration will cause substantial and grievous economic injury to us.

We (☐ have / ■ have not) determined that restoring you to employment at the conclusion of FMLA leave will cause substantial and grievous economic harm to us. Additional information will be provided separately concerning your status as key employee and restoration.

Part B: Substitution of Paid Leave – When Paid Leave is Used at the Same Time as FMLA Leave

You have a right under the FMLA to request that your accrued paid leave be substituted for your FMLA leave. This means that you can request that your accrued paid leave run concurrently with some or all of your unpaid FMLA leave, provided you meet any applicable requirements of our leave policy. Concurrent leave use means the absence will count against both the designated paid leave and unpaid FMLA leave at the same time. If you do not meet the requirements for taking paid leave, you remain entitled to take available unpaid FMLA leave in the applicable 12-month period. Even if you do not request it, the FMLA allows us to require you to use your available sick, vacation, or other paid leave during your FMLA absence.

(Check all that apply)

- ■ **Some or all of your FMLA leave will not be paid.** Any unpaid FMLA leave taken will be designated as FMLA leave and counted against the amount of FMLA leave you have available to use in the applicable 12-month period.
- ☐ **You have requested to use some or all of your available paid leave** *(e.g., sick, vacation, PTO)* during your FMLA leave. Any paid leave taken for this reason will also be designated as FMLA leave and counted against the amount of FMLA leave you have available to use in the applicable 12-month period.
- ■ **We are requiring you to use some or all of your available paid leave** *(e.g., sick, vacation, PTO)* during your FMLA leave. Any paid leave taken for this reason will also be designated as FMLA leave and counted against the amount of FMLA leave you have available to use in the applicable 12-month period.
- ☐ **Other:** *(e.g., short- or long-term disability, workers' compensation, state medical leave law, etc.)*
  Any time taken for this reason will also be designated as FMLA leave and counted against the amount of FMLA leave you have available to use in the applicable 12-month period.

The applicable conditions for use of paid leave include: _____.

For more information about conditions applicable to sick/vacation/other paid leave usage please refer to _____ Employee Handbook _____ available at: Paycom Employee Self Service Portal _____.

Employee Name: Ryan Wagner

Part C: Maintain Health Benefits

Your health benefits must be maintained during any period of FMLA leave under the same conditions as if you continued to work. During any paid portion of FMLA leave, your share of any premiums will be paid by the method normally used during any paid leave. During any unpaid portion of FMLA leave, you must continue to make any normal contributions to the cost of the health insurance premiums. To make arrangements to continue to make your share of the premium payments on your health insurance while you are on any unpaid FMLA leave, contact Karen Debus/410-252-8058 at karen.debus@ohanagp.com.

You have a minimum grace period of (■ 30-days or ☐ _____ *indicate longer period, if applicable)* in which to make premium payments. If payment is not made timely, your group health insurance may be cancelled, provided we notify you in writing at least 15 days before the date that your health coverage will lapse, or, at our option, we may pay your share of the premiums during FMLA leave, and recover these payments from you upon your return to work.

You may be required to reimburse us for our share of health insurance premiums paid on your behalf during your FMLA leave if you do not return to work following **unpaid** FMLA leave for a reason other than: the continuation, recurrence, or onset of your or your family member's serious health condition which would entitle you to FMLA leave; or the continuation, recurrence, or onset of a covered servicemember` s serious injury or illness which would entitle you to FMLA leave; or other circumstances beyond your control.

Part D: Other Employee Benefits

Upon your return from FMLA leave, your other employee benefits, such as pensions or life insurance, must be resumed in the same manner and at the same levels as provided when your FMLA leave began. To make arrangements to continue your employee benefits while you are on FMLA leave, contact Karen Debus at karen.debus@ohanagp.com.

Part E: Return-to-Work Requirements

You must be reinstated to the same or an equivalent job with the same pay, benefits, and terms and conditions of employment on your return from FMLA-protected leave. An equivalent position is one that is virtually identical to your former position in terms of pay, benefits, and working conditions. At the end of your FMLA leave, all benefits must also be resumed in the same manner and at the same level provided when the leave began. You do not have return-to-work rights under the FMLA if you need leave beyond the amount of FMLA leave you have available to use.

Part F: Other Requirements While on FMLA Leave

While on leave you (■ will be / ☐ will not be) required to furnish us with periodic reports of your status and intent to return to work every month.

(Indicate interval of periodic reports, as appropriate for the FMLA leave situation).

If the circumstances of your leave change and you are able to return to work earlier than expected, you will be required to notify us at least two workdays prior to the date you intend to report for work.

The Family and Medical Leave Act (FMLA) provides that an employer may require an employee seeking FMLA protections because of a need for leave due to a serious health condition to submit a medical certification issued by the employee's health care provider. 29 U.S.C. §§ 2613, 2614(c)(3); 29 C.F.R. § 825.305. The employer must give the employee **at least 15 calendar days** to provide the certification. If the employee fails to provide complete and sufficient medical certification, his or her FMLA leave request may be denied. 29 C.F.R. § 825.313. Information about the FMLA may be found on the WHD website at www.dol.gov/agencies/whd/fmla.

SECTION I – EMPLOYER

Either the employee or the employer may complete Section I. SECTION II - HEALTH CARE PROVIDER

Please provide your contact information, complete all relevant parts of this Section, and sign the form. Your patient has requested leave under the FMLA. The FMLA allows an employer to require that the employee submit a timely, complete, and sufficient medical certification to support a request for FMLA leave due to the serious health condition of the employee. For FMLA purposes, a "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves *inpatient care* or *continuing treatment by a health care provider*. For more information about the definitions of a serious health condition under the FMLA, see the chart on page 4.

You may, but are **not required** to, provide other appropriate medical facts including symptoms, diagnosis, or any regimen of continuing treatment such as the use of specialized equipment. Please note that some state or local laws may not allow disclosure of private medical information about the patient's serious health condition, such as providing the diagnosis and/or course of treatment.

PART A: Medical Information

Limit your response to the medical condition(s) for which the employee is seeking FMLA leave. Your answers should be your **best estimate** based upon your medical knowledge, experience, and examination of the patient. **After completing Part A, complete Part B to provide information about the amount of leave needed.** Note: For FMLA purposes, "incapacity" means the inability to work, attend school, or perform regular daily activities due to the condition, treatment of the condition, or recovery from the condition. Do not provide information about genetic tests, as defined in 29 C.F.R. § 1635.3(f), genetic services, as defined in 29 C.F.R. § 1635.3(e), or the manifestation of disease or disorder in the employee's family members, 29 C.F.R. § 1635.3(b).

(1) State the approximate date the condition started or will start: 05/15/13 *(mm/dd/yyyy)*

(2) Provide your **best estimate** of how long the condition lasted or will last: Permanent

(3) Check the box(es) for the questions below, as applicable. For all box(es) checked, the amount of leave needed must be provided in Part B.

☐ **Inpatient Care**: The patient (☐ has been / ☐ is expected to be) admitted for an overnight stay in a hospital, hospice, or residential medical care facility on the following date(s): _____

☐ **Incapacity plus Treatment**: *(e.g. outpatient surgery, strep throat)*
Due to the condition, the patient (☐ has been / ☐ is expected to be) incapacitated for *more than* three consecutive, full calendar days from _____ *(mm/dd/yyyy)* to _____ *(mm/dd/yyyy)*.

The patient (☐ was / ☐ will be) seen on the following date(s): _____
_____

The condition (☐ has / ☐ has not) also resulted in a course of continuing treatment under the supervision of a health care provider *(e.g. prescription medication (other than over-the-counter) or therapy requiring special equipment)*

☐ **Pregnancy**: The condition is pregnancy. List the expected delivery date: _____ *(mm/dd/yyyy)*.

■ **Chronic Conditions**: *(e.g. asthma, migraine headaches)* Due to the condition, it is medically necessary for the patient to have treatment visits at least twice per year.

■ **Permanent or Long Term Conditions**: *(e.g. Alzheimer's, terminal stages of cancer)* Due to the condition, incapacity is permanent or long term and requires the continuing supervision of a health care provider (even if active treatment is not being provided).

■ **Conditions requiring Multiple Treatments**: *(e.g. chemotherapy treatments, restorative surgery)* Due to the condition, it is medically necessary for the patient to receive multiple treatments.

☐ **None of the above**: If none of the above condition(s) were checked, (i.e., inpatient care, pregnancy) no additional information is needed. Go to page 4 to sign and date the form.

Employee Name: Ryan Wagner

(4) If needed, briefly describe other appropriate medical facts related to the condition(s) for which the employee seeks FMLA leave. *(e.g., use of nebulizer, dialysis)*

The patient experiences frequent, intense panic attacks, severe anxiety, and agoraphobia. These episodes are particularly triggered by specific workplace stressors, including direct contact with certain individuals at work. The condition varies in frequency and intensity, leading to intermittent incapacitation that prevents the patient from working or performing regular daily activities during episodes. The patient undergoes ongoing psychotherapy and medication management as part of the treatment plan. Due to the unpredictable nature of these episodes, the patient's ability to work is intermittently impacted, necessitating periods of FMLA leave for recovery.

PART B: Amount of Leave Needed

For the medical condition(s) checked in Part A, complete all that apply. Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your **best estimate** based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as "lifetime," "unknown," or "indeterminate" may not be sufficient to determine FMLA coverage.

(5) Due to the condition, the patient (☒ had / ■ will have) **planned medical treatment(s)** (scheduled medical visits) *(e.g. psychotherapy, prenatal appointments)* on the following date(s): Twice Per Week: Monday and Wednesday

Ongoing psychotherapy, medication management, and stress reduction strategies. Despite these treatments, the patient experiences episodes of incapacitation that are unpredictable and significantly impair his work ability. These episodes are particularly exacerbated by the hostile interactions and environment in his workplace. The patient's condition allows him to work in a limited capacity from home on non-consecutive days or outside regular business hours, as the condition allows. Working from home is essential to mitigate the impact of the hostile workplace triggers and manage his panic attacks and agoraphobia.

(6) Due to the condition, the patient (☐ was / ☐ will be) **referred to other health care provider(s)** for evaluation or treatment(s).

State the nature of such treatments: *(e.g. cardiologist, physical therapy)* _____

Provide your **best estimate** of the beginning date 01/16/24 *(mm/dd/yyyy)* and end date ongoing *(mm/dd/yyyy)* for the treatment(s).

Provide your **best estimate** of the duration of the treatment(s), including any period(s) of recovery *(e.g. 3 days/week)*
Regular ongoing sessions, approximately twice per week, with potential for increased frequency during periods of heightened stress or episodes.

(7) Due to the condition, it is medically necessary for the employee to work a **reduced schedule**.

Provide your **best estimate** of the reduced schedule the employee is able to work. From 01/04/24 *(mm/dd/yyyy)* to Ongoing *(mm/dd/yyyy)* the employee is able to work: *(e.g., 5 hours/day, up to 25 hours a week)*

The patient is able to work intermittently as his condition allows, which may vary week to week. Ability to work from home is essential due to condition triggers linked to the hostile workplace environment.

(8) Due to the condition, the patient (■ was / ☒ will be) **incapacitated for a continuous period of time**, including any time for treatment(s) and/or recovery.

Provide your **best estimate** of the beginning date 12/21/23 *(mm/dd/yyyy)* and end date Ongoing, as episodes are unpredictable. *(mm/dd/yyyy)* for the period of incapacity.

Ryan experiences episodic periods of incapacity due to his mental health condition. While these periods are not continuous in the traditional sense, they occur intermittently and unpredictably. Each episode can incapacitate Ryan for a variable duration, typically lasting from a few hours to several days. The exact frequency and length of these episodes vary, but they are recurrent and expected to continue given the nature of his condition.

(9) Due to the condition, it (■ was / ■ is / ☒ will be) medically necessary for the employee to be absent from work on an **intermittent basis** (periodically), including for any episodes of incapacity i.e., episodic flare-ups. Provide your **best estimate** of how often (frequency) and how long (duration) the episodes of incapacity will likely last.

Over the next 6 months, episodes of incapacity are estimated to occur 1-3 times per (☐ day / ☒ week / ☐ month) and are likely to last approximately 1-2 (☐ hours / ☒ days) per episode.

The frequency and duration may vary based on workplace stressors and effectiveness of ongoing treatment.

Employee Name: Ryan Wagner

PART C: Essential Job Functions

If provided, the information in Section I question #4 may be used to answer this question. If the employer fails to provide a statement of the employee's essential functions or a job description, answer these questions based upon the employee's own description of the essential job functions. An employee who must be absent from work to receive medical treatment(s), such as scheduled medical visits, for a serious health condition is considered to be *not able* to perform the essential job functions of the position during the absence for treatment(s).

(10) Due to the condition, the employee (■ was not able / ▣ is not able / ▣ will not be able) to perform *one or more* of the essential job function(s). Identify at least one essential job function the employee is not able to perform:

The patient experiences panic attacks and agoraphobia which severely limit his ability to commute and function in a traditional office environment. Essential job functions that are impacted include tasks that require physical presence in the office, such as in-person meetings, on-site collaboration, and immediate face-to-face response to work situations. During episodes of heightened agoraphobia, especially when triggered by direct interaction with specific individuals in the workplace, working from home becomes a necessary reasonable accommodation. During severe episodes, the patient is incapacitated and unable to perform any work functions, whether in the office or remotely, necessitating intermittent FMLA leave.

Signature of Health Care Provider LCSW-C **Date** 03/12/24 *(mm/dd/yyyy)*

Definitions of a Serious Health Condition *(See 29 C.F.R. §§ 825.113-.115)*
Inpatient Care
• An overnight stay in a hospital, hospice, or residential medical care facility. • Inpatient care includes any period of incapacity or any subsequent treatment in connection with the overnight stay.
Continuing Treatment by a Health Care Provider (any one or more of the following)
Incapacity Plus Treatment: A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves either: o Two or more in-person visits to a health care provider for treatment within 30 days of the first day of incapacity unless extenuating circumstances exist. The first visit must be within seven days of the first day of incapacity; or, o At least one in-person visit to a health care provider for treatment within seven days of the first day of incapacity, which results in a regimen of continuing treatment under the supervision of the health care provider. For example, the health provider might prescribe a course of prescription medication or therapy requiring special equipment.
Pregnancy: Any period of incapacity due to pregnancy or for prenatal care.
Chronic Conditions: Any period of incapacity due to or treatment for a chronic serious health condition, such as diabetes, asthma, migraine headaches. A chronic serious health condition is one which requires visits to a health care provider (or nurse supervised by the provider) at least twice a year and recurs over an extended period of time. A chronic condition may cause episodic rather than a continuing period of incapacity.
Permanent or Long-term Conditions: A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective, but which requires the continuing supervision of a health care provider, such as Alzheimer's disease or the terminal stages of cancer.
Conditions Requiring Multiple Treatments: Restorative surgery after an accident or other injury; or, a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days if the patient did not receive the treatment.

November 23, 2013

To whom it may concern,

This is to provide documentation about Mr. Ryan Wagner's medical condition. Mr. Wagner is a patient under my care who I have diagnosed with Posttraumatic Stress Disorder and Panic Disorder with Agoraphobia; mental impairments that substantially limit the following major life activities as compared to most people in the general population; concentrating interacting with others, maintaining social relationships, sleeping, eating, and the operation of the digestive system and bowel. Mr. Wagner has been under my medical care since May 2013, during which time he was evaluated and started on treatment. He receives both psychotherapy and medication management treatment. Mr. Wagner's mental impairments are permanent. Physical symptoms of his mental impairments, including sleep and appetite disturbances are episodic and recurring; they impair his major life activities when they are active. Mr. Wagner has, in the last few weeks, experienced an increase in active symptoms, resulting in Ryan requiring additional treatment sessions and emergency medical care.

Given the nature of his mental impairments, Mr. Wagner needs reasonable accommodation under the ADA or the Rehabilitation Act of 1990 and its subsequent 2008 amendment. Specifically, Mr. Wagner requires a flexible work schedule that permits him to attend regularly scheduled treatment sessions and emergency treatment sessions; and permits him to perform work from home when he experiences symptoms of his mental impairments.

Should you need additional information or questions, I may be contacted as indicated on this letter-header either by telephone or email.

Sincerely,

Maguy Destin-Jeanty, MD
